

**How to apply Payment Commission Rate and Sales Target Commission Rates**

1. Go to Customer > Agents > create a few agents (salesman)  
Alice and Charles

2. **Payment Commission Rate (Phase 1 of commission)**

-Payment within = How many days used to collect the payment from customer.  
(Receive payment)  
-Rate = % of commission

eg. If Charles able to collect payment from customer within 30 days, then he is entitled to 5% commission.

3. **Sales Target Commission Rates (Phase 2 of Payment commission)**

**This is additional \$ calculated based on phase 1 of commission gained.**  
**Agent need to hit certain amount of sales target (TOTAL SALES of the month)**

## How to apply Payment Commission Rate and Sales Target Commission Rates

QNE OPTIMUM

Sales Target Description	Rate
10 K Sales Per Month	1.00
20 K Sales Per Month	2.00
30 K Sales Per Month	3.00

-Sales Target Description = Key in Title or Name of the sales target

-Rate = % of commission

Eg. If Charles's Total Sales for the month exceeds 10 K, then he is entitled to the additional 1% commission.

Please refer to the case study below to know more about the calculation.

### Payment Commission Rate (Phase 1 of commission)

- 700-B002 BIG FOODS is under agent Charles, in the month of Sept, Charles able to close one deal (RM 3000) and able to collect payment by month end of Oct.

Date	Document Code	Description	Reference No	Supplier Inv	Debit	Credit	Running Balance
01/09/2020	INV00031	SALES			3,000.00		3,000.00
31/10/2020	OR2010/017	PAYMENT FOR ACCOUNT				3,000.00	0.00

- Then we able to calculate the receipt term is 60 days (01/09/2020-31/10/2020), Charles entitled to get 3% commission which is RM 90.

Agent Commission by Period									
#	Debtor Code	Debtor Name	Bill Date	Bill No.	Bill Amount	Receipt Date	Receipt No	Receipt Amount	% Commission

Total For Alice								11,100.00				5.55		11.10		16.65	
<b>GRAND TOTAL</b>								<b>11,100.00</b>					<b>5.55</b>		<b>11.10</b>		<b>16.65</b>

4. The calculation formula as below:

Let's check for INV00033, the receipt amount is RM 2,000 and payment term is 18 days.

*Phase 1 payment commission rate is 5% = RM 100*

For Alice case, she hit 10 K sales target so she is entitled to get additional commission which is

*RM 100 \* 1% = RM 1*

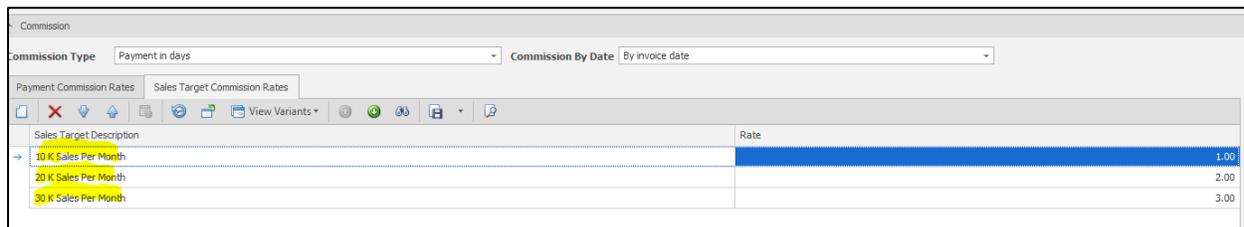

## How to apply Payment Commission Rate and Sales Target Commission Rates

QNE OPTIMUM

However, if Alice able to get more sales and hit 20 K sales target, then the calculation will be

$$RM\ 100 * 2\% = RM\ 2$$

5. Agent Commission with Different Sales Target report will list out all the commission based on all preset sales target rate.

The screenshot shows a software interface for managing commission rates. It features a 'Sales Target Commission Rates' tab with a table listing various sales targets and their corresponding rates. The table has two columns: 'Sales Target Description' and 'Rate'. The first row is highlighted in blue, and the second and third rows are highlighted in yellow.

Sales Target Description	Rate
10 K Sales Per Month	1.00
20 K Sales Per Month	2.00
30 K Sales Per Month	3.00

END.
