

This version is available in QNE Firebird Version 692:

### Performance Fine Tune

The screenshot shows a dialog box titled "Performance FindTune". It contains two main sections: "QTY Validation" and "Unit Price Validation".

**QTY Validation:**

- ☐ Ignore Multi-location checking
- ☐ Ignore FOC stock Checking
- ☐ Ignore Negative Stock Level Control

**Unit Price Validation:**

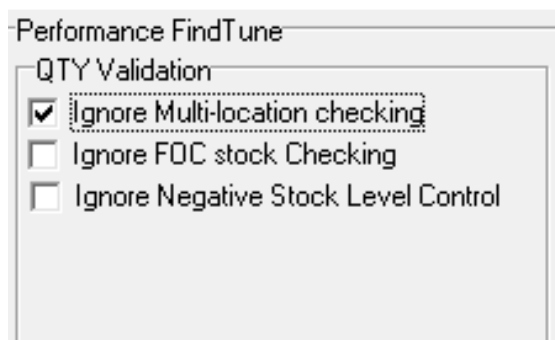

Ignore Selling Price Below:

<input type="checkbox"/> Last P.Price For Service Item	<input type="checkbox"/> List Price
<input type="checkbox"/> Last Purchase Price	<input type="checkbox"/> Minimum Price
<input type="checkbox"/> Floor Price	<input type="checkbox"/> P. Price for Service Items
<input type="checkbox"/> Last Selling Price	<input type="checkbox"/> Purchase Price

By selecting the system option in 'Performance Fine Tune' group, it will enhance the system performance. However, after tick the related option, the validation will ignore the setting in user maintenance. The setting in System option-'performance Fine Tune' has greater priority than the setting in user maintenance. There are 2 categories:

- 1) QTY Validation
- 2) Unit Price validation

### QTY Validation

The screenshot shows the "Performance FindTune" dialog box with the "QTY Validation" section expanded. The option "Ignore Multi-location checking" is checked, while "Ignore FOC stock Checking" and "Ignore Negative Stock Level Control" are unchecked.

#### **Ignore Multi-location checking**

-After tick this option, the system **will not** check the current balance in multi-location. The user can tick this option even though the user does not purchase the 'multi-location' module.

Performance FindTune		Consolidated Report Control Creditor Debtor File G/L GST Graph Inquiry Project									
QTY Validation		Items									
<input type="checkbox"/>	Ignore Multi-location checking	Allow Use of Free Of Charge									
<input checked="" type="checkbox"/>	Ignore FOC stock Checking	Allow to Change/View Agent									
<input type="checkbox"/>	Ignore Negative Stock Level Control	Allow to Change/View Deposit To									
		Allow to Change/View Division									
		Allow to Change/View Location									
		Allow to Change/View Project									
		Allow to View All Appointment									
		Options									
		<input checked="" type="checkbox"/> Allow									

### Ignore FOC stock Checking

After tick this option, the system will ignore the access right setting 'Allow Use of Free of Charge' at user maintenance.

Performance FindTune		Consolidated Report Control Creditor Debtor File G/L GST Graph Inquiry Project									
QTY Validation		Items									
<input type="checkbox"/>	Ignore Multi-location checking	Negative Stock Level Control (Sales)									
<input type="checkbox"/>	Ignore FOC stock Checking	Negative Stock Level Controls (Stock)									
<input checked="" type="checkbox"/>	Ignore Negative Stock Level Control	Print Documents More Than Once (Purchases)									
		Print Documents More Than Once (Sales)									
		Profit Estimator									
		Prompt QnE Scheduler After Log-In									
		Prompt Reminder List After Log-In									
		Options									
		<input checked="" type="checkbox"/> Allow									

### Ignore Negative Stock Level Control

After tick this option, the system will ignore the access right setting 'Negative Stock Level Control (Sales)' at user maintenance.

### Unit Price Validation

Unit Price Validation

Ignore Selling Price Below:

<input checked="" type="checkbox"/> Last P.Price For Service Item	<input checked="" type="checkbox"/> List Price
<input checked="" type="checkbox"/> Last Purchase Price	<input checked="" type="checkbox"/> Minimum Price
<input checked="" type="checkbox"/> Floor Price	<input checked="" type="checkbox"/> P. Price for Service Items
<input checked="" type="checkbox"/> Last Selling Price	<input checked="" type="checkbox"/> Purchase Price

Access Right

Consolidated Report | Control | Creditor | Debtor | File | G/L | GST | Graph | Inquiry | Project

Items
